### Student Mobility for Studies

Student Mobility for Studies will be realized within the academic calendar which can be found on <http://www.cumhuriyet.edu.tr/index.php?cubid=401>. Students must arrive at Sivas, Turkey prior to 03/February/2019.

The mobility cannot be less than 90 days. Otherwise, the mobility will be invalid and the total grant has to be refunded by the participant student.

### **Student Mobility for Traineeship**

Student Mobility for Traineeship can be realized between January and September 2020 including the summer season.

The mobility cannot be less than 60 days. Otherwise, the mobility will be invalid and the total grant has to be refunded by the participant student.

- Student Mobility for Traineeship consists of a specified period where students have a professional training and a full-time work experience within the fields they are studying.

As the programme of the traineeship does not consist a study period the **students do not receive any courses and ECTS during this type of mobility.**

Sivas Cumhuriyet University has research and application centers (such as Religion Researches, Advanced Technologies Research Centre etc.) and other related institutions (Technocity, Labs etc.) where participants can realize this type of mobility.
